FYI...

It has come up in conversations quite frequently with the Police & Fire Departments that not every citizen has house numbers displayed on their house. The Departments would greatly appreciate it if you don't currently display house numbers to do so. Many times when responding to calls they only have an address or sometimes just a name. With many new families moving into town, the officers and fire department don't always know where you may live or whom the call is for. Their response time is prolonged if they are trying to find your house but there are no numbers to look for.

Thanks for your cooperation with this matter.
